To Whom It May Concern:

The San Ramon Valley Unified School District supports the mission and vision of “SaveCASchools”, a non profit organization organized under the general corporation laws of the State of California, and deemed to be “non profit” pursuant to sections 501(c)(3) of the Internal Revenue Code. The general purpose of the Corporation is to assist public schools in the State of California by collecting donations from persons and entities that share a desire to donate monies to help educate the children of California. As a pilot program, SaveCASchools is partnering with the San Ramon Valley Education Foundation in providing supplemental funding to enrich and augment the educational program of our school district.

SaveCASchools.org is an organization that “makes education a priority, builds pride and support for schools and brings the rest of the community into the educational process. The foundation works closely with district staff to ensure that fundraising priorities match the district’s Strategic Plan and annual goals.”

The organization provides a systematic, viable and creative way for real estate professionals and other local businesses to financially support the efforts of the San Ramon Valley Education Foundation. Through use of an interactive website, members of the real estate and business community can automate the process of making a financial contribution to local education, while being recognized for their donation.

I believe that SaveCASchools will greatly benefit our educational community, and fully support its efforts.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Terry Koehne', with a stylized flourish at the end.

Terry Koehne
